Bottled:	February 2007
Cases:	600 cases (12-pack/750ml)
Release Date:	September 10 th 2007

Daedalus (DAY-de-lus) Cellars is a small, family-owned winery in Oregon's Willamette Valley. We source from some of the best vineyards in the state and handle the fruit minimally and carefully to create balanced wines with complex fruit and elegant structure. Their refinement makes them natural partners for a wide range of foods and ensures their graceful maturation.

Our 2005 Willamette Valley is a blend of several different vineyards and clones. Pommard and Wädenswil clones from the Maresh Vineyard contribute richness of flavor and texture, along with a depth and length of flavor, which we have come to expect from the oldest vines in our portfolio. All Pommard clone from the mature vines at Seven Springs produce an unmistakably Oregon profile of red fruits: cherries, raspberries and cranberries, along with refined tannins. From Carabella we source Dijon Clone 114, Wädenswil and Pommard. While each offers a very expressive range of red and blue fruits, there is a definitive spiciness in this vineyard's fruit, which we like to draw out by fermenting these lots with a fair amount of whole clusters in the fermentation. The young Nicholas Estate belies its youth with great richness and depth, and a very sappy red and black-fruited profile.

It should drink well on release with decanting, but will develop greater nuance and richness over the next seven to eight years.
